NOT EVERYONE SEES THE WORLD THROUGH THE SAME LENS. From the author of *Something Invisible* comes this funny and poignant novel about the hues of friendship.

Spunky Olivia and eccentric Hal are an unlikely pair. While Hal suffers from a neurological condition called synesthesia that causes him to associate things with colors, Olivia tends to see the world in black and white. Still, these two are friends through thick and thin, through rose-colored days and blue days, even when Hal's plan to get rid of his mother's boyfriend backfires by driving his mother away. Olivia's honest, funny and always-opinionated voice tells this story with colorful perception.
