## **Outdoor Action and Adventure Photography** Dan Bailey

The difference between getting the shot and missing the shot comes down to split seconds and how you manage your gear and your technique. In *Outdoor Action and Adventure Photography* professional adventure sports photographer Dan Bailey shows readers how to react quickly to unfolding scenes and anticipate how the subject and the background might converge. Capturing those significant moments to produce powerful imagery that evoke the feel and mood of adventure requires specialized skills and a wide variety of creative ideas.

This book teaches photographers how to think geometrically and how to pull together the elements that make for a successful shot, all while being immersed in the action. The practical manual will improve your technique for creating more compelling adventure imagery, whether you're shooting ultra-marathoners splattered in mud, rock climbers in a crevasse, or mountain bikers hurtling past you.

In this book, you'll:

- Discover the necessary equipment for shooting action, learn how to use it to its full potential, and develop a comprehensive adventure photography camera system that you can adapt to different shooting situations.
- Learn specific techniques and creative ideas that help you freeze the moment and create images that convey excitement, mood, and the feel of adventure.
- Learn advanced skills that can help you start defining your own particular style of action photography and create a "brand" of photography that's based around your passion and your vision.
- Examine case studies that break down the process for shooting different types of action subjects and see the nuts and bolts of how to create powerful imagery from start to finish.
