Fierce Food: The Intrepid Diner's Guide to the Unusual, Exotic, and Downright Bizarre Christa Weil
Bugs, brains, and boiled sheep-a truly extreme dining guide for fans of Anthony Bourdain's *A Cook's Tour*

Is comfort food getting a little too comfortable? Then grab a plate at the *Fierce Food* buffet, where the world's most extraordinary foods are dished up for your pleasure. Start the meal with Mexican *chapulines*, or grasshoppers, and then move along to the Kazakhstan boiled sheep's head, where the eyeball is reserved for the most honored guest. And if necessary, ease your queasy stomach with dried clay.

An alphabetical survey of the world's most amazing and unusual edibles, *Fierce Food* describes what these foods are and where they're from, and how they're captured, foraged, or, even putrefied. Readers also learn how the foods are traditionally served and eaten-and best of all, what they taste like, because if you can't actually bring yourself to eat Filipino embryonic duck eggs, reading about it is the next best thing. *Fierce Food* is a fascinating exploration of global cultures that definitively proves the old adage, "one man's meat is another man's poison."
