A Significant Life: Human Meaning in a Silent Universe Todd May

What makes for a good life, or a beautiful one, or, perhaps most important, a meaningful one? Throughout history most of us have looked to our faith, our relationships, or our deeds for the answer. But in *A Significant Life*, philosopher Todd May offers an exhilarating new way of thinking about these questions, one deeply attuned to life as it actually is: a work in progress, a journey—and often a narrative. Offering moving accounts of his own life and memories alongside rich engagements with philosophers from Aristotle to Heidegger, he shows us where to find the significance of our lives: in the way we live them.

May starts by looking at the fundamental fact that life unfolds over time, and as it does so, it begins to develop certain qualities, certain themes. Our lives can be marked by intensity, curiosity, perseverance, or many other qualities that become guiding narrative values. These values lend meanings to our lives that are distinct from—but also interact with—the universal values we are taught to cultivate, such as goodness or happiness. Offering a fascinating examination of a broad range of figures—from music icon Jimi Hendrix to civil rights leader Fannie Lou Hamer, from cyclist Lance Armstrong to *The Portrait of a Lady*'s Ralph Touchett to Claus von Stauffenberg, a German officer who tried to assassinate Hitler—May shows that narrative values offer a rich variety of criteria by which to assess a life, specific to each of us and yet widely available. They offer us a way of reading ourselves, who we are, and who we might like to be.

Clearly and eloquently written, *A Significant Life* is a recognition and a comfort, a celebration of the deeply human narrative impulse by which we make—even if we don't realize it—meaning for ourselves. It offers a refreshing way to think of an age-old question, of quite simply, what makes a life worth living.

If you did not get much space to bring often the printed book, you can buy the e-book. It is make you easier to read it. You can save the actual book in your smart phone. So there are a lot of benefits that you will get when you buy this book.

Marla Fiske:

As a scholar exactly feel bored to reading. If their teacher inquired them to go to the library or make summary for some reserve, they are complained. Just tiny students that has reading's heart or real their hobby. They just do what the instructor want, like asked to the library. They go to there but nothing reading significantly. Any students feel that reading is not important, boring and can't see colorful images on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this A Significant Life: Human Meaning in a Silent Universe can make you really feel more interested to read.
