## **Optimal Control Theory and Static Optimization in Economics** Daniel Léonard, Ngo van Long

Optimal control theory is a technique being used increasingly by academic economists to study problems involving optimal decisions in a multi-period framework. This textbook is designed to make the difficult subject of optimal control theory easily accessible to economists while at the same time maintaining rigour. Economic intuitions are emphasized, and examples and problem sets covering a wide range of applications in economics are provided to assist in the learning process. Theorems are clearly stated and their proofs are carefully explained. The development of the text is gradual and fully integrated, beginning with simple formulations and progressing to advanced topics such as control parameters, jumps in state variables, and bounded state space. For greater economy and elegance, optimal control theory is introduced directly, without recourse to the calculus of variations. The connection with the latter and with dynamic programming is explained in a separate chapter. A second purpose of the book is to draw the parallel between optimal control theory and static optimization. Chapter 1 provides an extensive treatment of constrained and unconstrained maximization, with emphasis on economic insight and applications. Starting from basic concepts, it derives and explains important results, including the envelope theorem and the method of comparative statics. This chapter may be used for a course in static optimization. The book is largely self-contained. No previous knowledge of differential equations is required.

### **From reader reviews:**

#### **Sam Grimes:**

Book will be written, printed, or highlighted for everything. You can realize everything you want by a guide. Book has a different type. As you may know that book is important matter to bring us around the world. Beside that you can your reading proficiency was fluently. A publication Optimal Control Theory and Static Optimization in Economics will make you to be smarter. You can feel more confidence if you can know about every thing. But some of you think which open or reading some sort of book make you bored. It's not make you fun. Why they are often thought like that? Have you looking for best book or appropriate book with you?

#### **Henry Knight:**

Reading a guide can be one of a lot of task that everyone in the world loves. Do you like reading book consequently. There are a lot of reasons why people enjoyed. First reading a book will give you a lot of new details. When you read a e-book you will get new information because book is one of several ways to share the information or perhaps their idea. Second, looking at a book will make an individual more imaginative. When you studying a book especially fiction book the author will bring you to definitely imagine the story how the characters do it anything. Third, you are able to share your knowledge to others. When you read this Optimal Control Theory and Static Optimization in Economics, you could tells your family, friends and soon about yours publication. Your knowledge can inspire different ones, make them reading a reserve.

#### **Edgar Foley:**

Playing with family inside a park, coming to see the water world or hanging out with buddies is thing that usually you have done when you have spare time, in that case why you don't try factor that really opposite from that. Just one activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Optimal Control Theory and Static Optimization in Economics, you can enjoy both. It is fine combination right, you still need to miss it? What kind of hang type is it? Oh can occur its mind hangout men. What? Still don't obtain it, oh come on its identified as reading friends.

#### **Rodolfo Buker:**

Reading a book make you to get more knowledge from this. You can take knowledge and information coming from a book. Book is written or printed or highlighted from each source in which filled update of news. Within this modern era like now, many ways to get information are available for an individual. From media social similar to newspaper, magazines, science guide, encyclopedia, reference book, story and comic. You can add your knowledge by that book. Ready to spend your spare time to spread out your book? Or just trying to find the Optimal Control Theory and Static Optimization in Economics when you required it?
