Peeps At Many Lands : Australia Frank Fox

"The fairy-story of the Sleeping Beauty might have been thought out by someone having Australia in his mind. She was the Sleeping Beauty among the lands of the earth - a great continent, delicately beautiful in her natural features, wonderfully rich in wealth of soil and of mine, left for many, many centuries hidden away from the life of civilization, finally to be wakened to happiness by the courage and daring of English sailors, who, though not Princes nor even knights in title, were as noble and as bold as any hero of a fairy-tale."
