## Aztlán: Essays on the Chicano Homeland (English and Spanish Edition)

"...As a symbol for political action, a place of spiritual plenitude, or as a challenge to transcend ethnic borders, Aztlán emerges throughout these essays as one of the Chicano Movement's fundamental ideological constructs. This volume will be of interest to students and critics concerned with the understanding and comprehensive reconstruction of one of the Chicano cultural emblems of the late 1960s. Given the present emphasis in Chicano studies on discourse analysis and critique of ideologies, this volume is a contribution to Chicano cultural criticism."--Roberto Cantu, California State University
