Empowered Volume 9 Adam Warren

Already under official suspicion and suspended from her superteam, costumed crimefighter Empowered finds herself the bewildered target of every major supervillain in the capes-and-tights field for her supposed access to alien technology. With a trick or two up her tattered supersuit's sleeve, can our tirelessly plucky but sadly underestimated heroine outwit her army of tormentors--and escape the long-simmering revenge of the sinister Fleshmaster? "This is a fantastically rendered book on every conceivable level, and much like Empowered herself, has to work even harder to get the respect it deserves. Luckily they're both way more powerful than most people ever expected them to be." --comicbookresources.com
