## **A smart girl would help herself first**

Slaving over a hot stove had taught Marie Simmons a thing or two—like not letting another cook steal her thunder! If it took her last chocolate chip (okay, second to last—a girl can't give away all the chocolate!) she had to find some way to foil Van MacAllister—a gourmet's flavor du jour—her new co-host on a cooking show. With some careful planning the only sizzle the audience would see would be from the steak, not the hunk.

Of course, she feels a soupçon of guilt at first because he really is a talented chef. And by the time they get to the appetizers it finally dawns on her that the, um, "to-die-for dish" on their show just might be the man himself!
