**MongoDB: Construa novas aplicações com novas tecnologias (Portuguese Edition)** Fernando Boaglio

O modelo dos bancos de dados relacionais já existe há muitos anos. No entanto, cada vez mais as aplicações modernas precisam aliar alta escalabilidade com suporte a persistência de alta quantidade de informações, e é justamente por isso que o modelo relacional começa a deixar a desejar e as alternativas NOSQL passam a surgir.

Atingir alta escalabilidade com bancos de dados relacionais exige infraestruturas caríssimas, que podem ser evitadas com outros paradigmas. É aí que entra o MongoDB, famoso banco de dados orientado a documentos, desenvolvido pela 10gen e principal alternativa para aliar a alta escalabilidade com facilidade de uso.

Nesse livro, Fernando Boaglio vai ensiná-lo como trabalhar com o MongoDB, principal banco de dados orientado a documentos do mercado. Com ele é possível desenvolver aplicações que atingem alta escalabilidade e de forma tão simples quanto trabalhar com os tradicionais banco de dados relacionais.

### **From reader reviews:**

#### **Gene Kirkland:**

Why don't make it to become your habit? Right now, try to ready your time to do the important behave, like looking for your favorite guide and reading a e-book. Beside you can solve your short lived problem; you can add your knowledge by the publication entitled MongoDB: Construa novas aplicações com novas tecnologias (Portuguese Edition). Try to the actual book MongoDB: Construa novas aplicações com novas tecnologias (Portuguese Edition) as your pal. It means that it can to get your friend when you feel alone and beside that course make you smarter than before. Yeah, it is very fortunated to suit your needs. The book makes you a lot more confidence because you can know almost everything by the book. So , we should make new experience and also knowledge with this book.

#### **Donna Clark:**

Reading a guide tends to be new life style on this era globalization. With looking at you can get a lot of information that will give you benefit in your life. Using book everyone in this world can easily share their idea. Publications can also inspire a lot of people. Plenty of author can inspire all their reader with their story or perhaps their experience. Not only the story that share in the textbooks. But also they write about the data about something that you need example. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors in this world always try to improve their ability in writing, they also doing some study before they write to their book. One of them is this MongoDB: Construa novas aplicações com novas tecnologias (Portuguese Edition).

#### **Darlene Goins:**

The reserve with title MongoDB: Construa novas aplicações com novas tecnologias (Portuguese Edition) includes a lot of information that you can study it. You can get a lot of profit after read this book. This specific book exist new knowledge the information that exist in this book represented the condition of the world at this point. That is important to yo7u to learn how the improvement of the world. This particular book will bring you throughout new era of the glowbal growth. You can read the e-book on your smart phone, so you can read the idea anywhere you want.

#### **Joseph Johnson:**

This MongoDB: Construa novas aplicações com novas tecnologias (Portuguese Edition) is great e-book for you because the content which can be full of information for you who also always deal with world and also have to make decision every minute. This particular book reveal it data accurately using great manage word or we can declare no rambling sentences in it. So if you are read it hurriedly you can have whole facts in it. Doesn't mean it only gives you straight forward sentences but difficult core information with attractive delivering sentences. Having MongoDB: Construa novas aplicações com novas tecnologias (Portuguese Edition) in your hand like having the world in your arm, information in it is not ridiculous a single. We can

say that no reserve that offer you world inside ten or fifteen tiny right but this guide already do that. So , this really is good reading book. Hey there Mr. and Mrs. active do you still doubt this?
