Cerebro y Universo (Spanish Edition) David Jou Mirabent

El presente libro parte de una idea feliz: considerar el cerebro y el universo como dos entidades parecidas, aunque a distinta escala. Mediante este enfoque, alejado de todo paralelismo superficial, David Jou revela similitudes profundas y sorprendentes: la inmensidad cósmica es condición necesaria para la existencia del cerebro; el procesamiento de la información en el cosmos y en la mente humana sigue pautas afines; en los dos ámbitos resultan fundamentales los llamados «componentes oscuros» (la glía para la computación neuronal y el universo invisible sobre la materia visible); la física cuántica parece desempeñar un papel sutil tanto en las galaxias como en las sinapsis cerebrales.

From reader reviews:

Cindy Gross:

Here thing why that Cerebro y Universo (Spanish Edition) are different and reputable to be yours. First of all reading through a book is good nonetheless it depends in the content of it which is the content is as yummy as food or not. Cerebro y Universo (Spanish Edition) giving you information deeper and in different ways, you can find any book out there but there is no guide that similar with Cerebro y Universo (Spanish Edition). It gives you thrill examining journey, its open up your current eyes about the thing in which happened in the world which is maybe can be happened around you. You can easily bring everywhere like in area, café, or even in your method home by train. When you are having difficulties in bringing the paper book maybe the form of Cerebro y Universo (Spanish Edition) in e-book can be your substitute.

Jeffrey Thibodeaux:

Often the book Cerebro y Universo (Spanish Edition) has a lot of information on it. So when you read this book you can get a lot of gain. The book was written by the very famous author. Tom makes some research just before write this book. This kind of book very easy to read you can get the point easily after looking over this book.

George Hughes:

This Cerebro y Universo (Spanish Edition) is great e-book for you because the content and that is full of information for you who always deal with world and also have to make decision every minute. That book reveal it info accurately using great organize word or we can declare no rambling sentences in it. So if you are read that hurriedly you can have whole information in it. Doesn't mean it only provides straight forward sentences but tough core information with splendid delivering sentences. Having Cerebro y Universo (Spanish Edition) in your hand like having the world in your arm, information in it is not ridiculous 1. We can say that no guide that offer you world within ten or fifteen small right but this book already do that. So , this is certainly good reading book. Hey there Mr. and Mrs. hectic do you still doubt which?

Ann Conley:

What is your hobby? Have you heard which question when you got students? We believe that that issue was given by teacher with their students. Many kinds of hobby, Everyone has different hobby. So you know that little person such as reading or as reading become their hobby. You have to know that reading is very important and also book as to be the point. Book is important thing to include you knowledge, except your own teacher or lecturer. You find good news or update about something by book. Numerous books that can you decide to try be your object. One of them is this Cerebro y Universo (Spanish Edition).
