Design Dossier: The World of Design (Design Dossiers) Pamela Pease

Kids experience design firsthand in this interactive series that engages a variety of learning styles and develops creative problem-solving skills. Books in the series focus on a wide array of design disciplines, ranging from architecture and interior design to film, animation, and environmental design. In *The World of Design*, kids explore line, color, shape, texture, pattern and composition, and questions including What is design? and How does the creative process work? Insights from top contemporary designers and fold-out timelines help kids understand how design affects their everyday lives. A project at the end of the book challenges kids to put what they learn into action. For aspiring young designers age 9+.

Wanda Hardin:

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library in order to make summary for some e-book, they are complained. Just tiny students that has reading's heart or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that studying is not important, boring and also can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this Design Dossier: The World of Design (Design Dossiers) can make you truly feel more interested to read.
