Gerenciamento avançado de redes de computadores (Portuguese Edition) Silvio Ferreira

O leitor que ache que gerenciar redes é apenas cortar e montar cabos e apertar o botão reset do roteador quando não há conexão com a Internet, encontrou um livro que irá fazer com que ele reveja seus conceitos... Redes de computadores são formadas por conjuntos de máquinas, fios e dispositivos constituídos de hardware e software dos mais variados tipos. Elas são utilizadas para o tráfego de informações essenciais a um grupo de pessoas, empresa ou corporação e sua importância faz com que nunca devam (ou deversem) deixar de funcionar. Mas isso não é o que acontece... tráfego pesado e não medido, cabeamentos e dispositivos gastos ou mal-instalados, servidores mal configurados ou que disponibilizam serviços não adequados, são apenas alguns exemplos de problemas causados pelo gerenciamento insuficiente dos recursos de uma rede. Para preveni-los ou remediá-los, nada melhor que o gerenciamento profissional de uma rede de computadores, com a montagem de servidores seguros e com um bom desempenho, e cabeamento realmente estruturado, no qual um cabo possa ser retirado ou substituído sem que isso afete o funcionamento da rede. Este livro mostra essas, dentre outras soluções técnicas, com ênfase na praticidade, economia de recursos técnicos e materiais e apresentação de resultados com alto grau de desempenho.

From reader reviews:

Timothy Walker:

Within other case, little folks like to read book Gerenciamento avançado de redes de computadores (Portuguese Edition). You can choose the best book if you want reading a book. So long as we know about how is important any book Gerenciamento avançado de redes de computadores (Portuguese Edition). You can add knowledge and of course you can around the world by just a book. Absolutely right, due to the fact from book you can know everything! From your country till foreign or abroad you will be known. About simple matter until wonderful thing you may know that. In this era, we can easily open a book as well as searching by internet device. It is called e-book. You should use it when you feel weary to go to the library. Let's study.

Freddy Lamberth:

Information is provisions for people to get better life, information presently can get by anyone with everywhere. The information can be a expertise or any news even a problem. What people must be consider any time those information which is inside the former life are hard to be find than now is taking seriously which one works to believe or which one the particular resource are convinced. If you obtain the unstable resource then you obtain it as your main information you will see huge disadvantage for you. All those possibilities will not happen within you if you take Gerenciamento avançado de redes de computadores (Portuguese Edition) as the daily resource information.

Charlie Smith:

Reading a guide tends to be new life style with this era globalization. With looking at you can get a lot of information that will give you benefit in your life. With book everyone in this world could share their idea. Books can also inspire a lot of people. A lot of author can inspire their own reader with their story or even their experience. Not only the storyline that share in the guides. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach your kids, there are many kinds of book which exist now. The authors nowadays always try to improve their proficiency in writing, they also doing some study before they write to the book. One of them is this Gerenciamento avançado de redes de computadores (Portuguese Edition).

Kevin Applegate:

Do you like reading a reserve? Confuse to looking for your favorite book? Or your book was rare? Why so many query for the book? But any kind of people feel that they enjoy intended for reading. Some people likes looking at, not only science book but novel and Gerenciamento avançado de redes de computadores (Portuguese Edition) or perhaps others sources were given information for you. After you know how the good a book, you feel desire to read more and more. Science publication was created for teacher or students especially. Those textbooks are helping them to bring their knowledge. In additional case, beside science e-

book, any other book likes Gerenciamento avançado de redes de computadores (Portuguese Edition) to make your spare time much more colorful. Many types of book like this one.
