Whatever you want to carve, woodcarver Richard Blitz will show you the techniques you need. Chapter by chapter he teaches you wittling, chip carving, wildlife carving, relief crving, lettering and architectural carving. In each case you learn by doing, working your way through carefully illustrated and progressively more challenging exercises and projects. Blitz even gives you scaled patterns for the projects he presents and ends each chapter with a gallery of additional projects you can make using the techniques you've just learned. Almost anyone could begin from point zero and find enough information in this book to learn how to carve wood...clear, interesting and inspiring with excellent photos and illustrations.
