Flow Visualization: Techniques and Examples

A J Smit, T T Lim

Flow Visualization: Techniques and Examples A J Smit, T T Lim

This is the 2nd edition of the book, *Flow Visualization: Techniques and Examples*, which was published by Imperial College Press in 2000. Many of the chapters have been revised and updated to take into consideration recent changes in a number of flow visualization and measurement techniques, including an updated high quality flow gallery. Unique among similar publications, this book focuses on the practical rather than theoretical aspects. Obtaining high quality flow visualization results is, in many ways, more of an art than a science, and experience plays a key deciding role. The depth and breadth of the material will make this book invaluable to readers of all levels of experience in the field.

Sample Chapter(s)

Chapter 1: Interpretation of Flow Visualization (4633 KB)

Contents:

- Interpretation of Flow Visualization
- Hydrogen Bubble Visualization
- Dye and Smoke Visualization
- Molecular Tagging Velocimetry and Thermometry
- Planar Imaging of Gas Phase Flows
- Digital Particle Image Velocimetry
- Surface Temperature Sensing with Thermochromic Liquid Crystals
- Pressure and Shear Sensitive Coatings
- Methods for Compressible Flows
- Three-Dimensional Imaging
- Quantitative Flow Visualization via Fully Resolved Four-Dimensional Imaging
- Visualization, Feature Extraction, and Quantification of Numerical Visualizations of High-Gradient Compressible Flows
- Color Plates and Flow Gallery

Readership: Undergraduate and graduate students as well as researchers in flow visualization.

From reader reviews:

Tisha Betancourt:

Reading a e-book tends to be new life style within this era globalization. With studying you can get a lot of information that may give you benefit in your life. Using book everyone in this world can share their idea. Guides can also inspire a lot of people. Many author can inspire all their reader with their story or perhaps their experience. Not only the storyline that share in the publications. But also they write about the data about something that you need case in point. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors in this world always try to improve their ability in writing, they also doing some analysis before they write to the book. One of them is this Flow Visualization:Techniques and Examples.

Kevin Blais:

Do you really one of the book lovers? If so, do you ever feeling doubt if you find yourself in the book store? Try to pick one book that you find out the inside because don't judge book by its cover may doesn't work at this point is difficult job because you are scared that the inside maybe not while fantastic as in the outside seem likes. Maybe you answer could be Flow Visualization:Techniques and Examples why because the amazing cover that make you consider concerning the content will not disappoint anyone. The inside or content is fantastic as the outside or perhaps cover. Your reading sixth sense will directly show you to pick up this book.

Stella Neal:

Are you kind of stressful person, only have 10 as well as 15 minute in your day to upgrading your mind proficiency or thinking skill even analytical thinking? Then you are receiving problem with the book when compared with can satisfy your small amount of time to read it because pretty much everything time you only find publication that need more time to be go through. Flow Visualization:Techniques and Examples can be your answer since it can be read by you who have those short spare time problems.

Alvin Reed:

Beside this kind of Flow Visualization:Techniques and Examples in your phone, it can give you a way to get closer to the new knowledge or details. The information and the knowledge you may got here is fresh from oven so don't possibly be worry if you feel like an previous people live in narrow village. It is good thing to have Flow Visualization:Techniques and Examples because this book offers to your account readable information. Do you oftentimes have book but you don't get what it's all about. Oh come on, that will not end up to happen if you have this with your hand. The Enjoyable option here cannot be questionable, like treasuring beautiful island. Use you still want to miss this? Find this book as well as read it from today!
