The Travel Notes of Xu Xiake-Two Volumes (Chinese Edition) xu hong zu

This book is an important work on Chinese Earth Science and aslo a distinctive travel notes. With 80 thousand words, this book describes vividly the writers gained knowledge for the more than 30 years he had spent on visting famous mountains and rivers, especially the southwest of China. The study of the writer on limestone was one or two hundred years ealier than his European counterpart. As a result, this book has great scietific and literary value. Based on the Qian Long version and the original version without any inscription, this book is richer and more accurate than the version issued before revolution period and added new materials discovered in recent years. This book is revised and becomes more complete.
