In all, this set of four CD-ROMs has over 113,000 pages reproduced using Adobe Acrobat PDF software - allowing direct viewing on Windows and Apple Macintosh systems. Reader software is included on the CD. There is no other reference that is as fast, convenient, comprehensive, and portable.

Our CD-ROMs are privately-compiled collections of official public domain U.S. government files and documents - they are not produced by the federal government. They are designed to provide a convenient user-friendly reference work, utilizing the benefits of the Acrobat format to uniformly present thousands of

pages that can be rapidly reviewed, searched, or printed without untold hours of tedious searching and downloading. Vast archives of important public domain government information that might otherwise remain inaccessible are available for instant review no matter where you are. This book-on-a-disc set makes a great reference work and educational tool.
