Los últimos extremistas mormones (Spanish Edition)

DAVID ALANDETE

Los últimos extremistas mormones (Spanish Edition) DAVID ALANDETE

El mormonismo es una religión fundada en el siglo XIX por un profeta, Joseph Smith, quien dijo haber recibido la visita de un ángel que le descubrió la existencia de una civilización olvidada, fundada en lo que ahora es América por una tribu perdida de Israel. Aquel profeta estableció algo particular de los mormones, que los hace únicos entre las demás ramas del cristianismo: es una fe que cree que dios puede hablar directamente con los fieles que elija. De ese modo, el dios de los mormones les ha impuesto en el pasado condiciones como la poligamia o la discriminación contra las personas de raza negra. Hoy en día, esos episodios están ya olvidados. Los mormones, que en el siglo XIX llegaron a estar en guerra con el Gobierno federal de EE UU, son ahora parte normal de la sociedad. Hay incluso uno de ellos, Mitt Romney, que se disputa las primarias republicanas de cara a las elecciones presidenciales de noviembre. Su religión ha limado sus estridencias y asperezas y en poco se distingue de credos más veteranos como el catolicismo o el protestantismo. Sigue quedando, sin embargo, un pequeño reducto de mormones fundamentalistas que aspiran aún a imponer aquellos principios de hace dos siglos en las zonas que controlan.
