In this edition of the Just Fucking Color Series, we chose to focus on Demotivational Quotes. Sure, everyone is always saying to stay positive and keep your head up. Well, we say, sometimes it's okay to just say F'ck it. Who gives a shit. Let all those other dickbags smile on a monday when the rest of us want to hit everyone in the office with a baseball bat. So F'ck them, F'ck mondays, and Just F*cking Color!

This is a coloring book devoted to each and every one of us and to both celebrate and chastise all the f'ing morons out there. The men and women who make your day a little bit worse. Let's collectively take a dump on the hood of their car. Take their tooth brush and scratch that moist part of your asshole with it. You know, do something nice.

Show your support or contempt with your pens, pencils, crayons, markers, or lipstick! The main idea with this book was to provide the colorist with brilliant and stunning images to color, but then to really shake things up by splicing in dirty quotes, swear words, clever but vulgar sayings, sh*t like that. It's an eye raping to be sure. Only until you finish coloring each image will the true profanity take it's shape. So be brilliant you son (or daughter) of a b*tch! Show us what you've got!

This book has been a collaborative effort between artists, designers, and psychologists. This book not only soothes you, but also increases mental stimulation. The pictures and designs may seem random at first glance, but they're anything but.

Our idea with this project was to both inspire you, and increase neuronal activity and stimulation in a way

that activates very unique parts of your mind. There are fields of research suggesting that both children and adults who work with coloring books and designs can effectively raise their IQ.

So have fun, relax, let the markers and pens do what they will, and hang on for an incredible, mind altering ride!

We hope to give the designer (you) a very introspective and mind expanding experience.

MARKER NOTE:

If you feel like using markers, we suggest Staedtler Triplus Fineliner marker pens. They're easy to use and are very good when it comes to bleeding issues. We've chosen a paper that we feel offers the best compromise between durability and brightness so that your ideas come to life without being encumbered by the paper.

USE A PIECE of blank PAPER beneath your drawings as you color them, especially if you are using markers with alcohol in them. Ideally you would use map colors or colored pencils because they create the longest lasting unfading color.

PLEASE: Take pictures of your finished coloring designs and post them to CYNTHIA VAN EDWARD's Facebook page. Also, if you post them in a review we will send you a free copy of any of the other books Cynthia (or our other artists) have designed. So check us out and let's see what you're made of!
