Ásatrú (AH-sa-troo), also called Odinism, is the native religion of the Teutonic peoples as embodied in the fundamentals of their cultural expressions. Much more than just a belief system, it encompasses every aspect of ancient Northern European society. This book is an attempt to explain the basic philosophic and moral ideals of this ancient way of life, while seeking to eliminate many of the misconceptions surrounding it. Demonstrated here is the nature of a faith that has existed for centuries, in spite of numerous campaigns to suppress or destroy it by various powers. Once the reader learns the core values found within this creed, it is easy to recognize how it coincides with our notions of civilization and its evolution. It teaches inner strength and courage, as well as kindness and compassion. In introducing the positive, ethical standards Ásatrú has to offer, the aim here is to rekindle the primal spirit within us all."The author provides an in-depth introduction for those new to the folkway, yet gives much food for thought to the experienced practitioner. Sure to inspire deeper investigation of the various aspects of Ásatrú. Highly recommended."-Hengest Thorsson, The Odinic Rite
