## **Rapport d'information sur la mise en oeuvre de la convention de Hong Kong relative au recyclage des navires (French Edition) Assemblée nationale**

"Le marché du démantèlement des navires, qui connaît une croissance soutenue, se concentre dans des pays asiatiques où les mesures les plus élémentaires de protection de la sécurité et de la santé des ouvriers, ainsi que de préservation de l'eau, du sol et de l'air, sont négligées.

La convention de Hong Kong relative au « recyclage sûr et écologiquement rationnel des navires » vise à lutter contre ces pratiques.

L'Union européenne, qui réfléchit à la question depuis 2007, a déposé deux propositions de texte, tendant respectivement à exiger des États membres qu'ils ratifient cette convention et à anticiper son entrée en vigueur.

Ce second texte, une proposition de règlement, devrait être adopté par les législateurs européens durant la présidence irlandaise."
